TROPICAL CYCLONE BULLETIN NO. 14

Tropical Depression “AMANG”

Issued at 5:00 AM, 13 April 2023

Valid for broadcast until the next bulletin at 8:00 AM today

HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Forecast accumulated rainfall for the next 24 hours (from this early morning to tomorrow early morning)

- **Up to 25 mm** in most areas of Central Luzon, Metro Manila, and CALABARZON, **reaching 50 mm in a few locations** (mostly in Central Luzon and northern Quezon) caused by scattered rainshowers and thunderstorms

Under these conditions, **isolated flashfloods and rain-induced landslides remains possible**, especially in areas that are highly or very highly susceptible to these hazard as identified in hazard maps and in localities that experienced considerable amounts of rainfall for the past several days.

Severe Winds

Areas under Wind Signal No. 1 may experience **strong winds (strong breeze to near gale strength)** associated with the tropical depression which may cause **minimal to minor impacts** to life and property.

HAZARDS AFFECTING COASTAL WATERS

In the next 24 hours, **moderate to rough seas** (1.2 to 3.0 m) may be experienced over the western seaboard of Northern Luzon, and the northern and eastern seaboard of Luzon. **Mariners of small seacrafts are advised to take precautionary measures when venturing out to sea and, if possible, avoid navigating in these conditions.**

TRACK AND INTENSITY OUTLOOK

“AMANG” is forecast to weaken into a low pressure area within the day it moves over Camarines Norte towards Lamon Bay, Polillo Islands, and the northern portion of mainland Quezon.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 8:00 AM today.
